

Client Wins Growth Award

1st November 2007

Local business consultancy Ardean announces client win

Magherafelt business consultancy, Ardean was delighted that one of its clients – local businessman Conrad McNicholl – won the ‘best business growth’ award for CM Interiors at the Magherafelt Business Awards. Ardean, jointly managed by Jarlath Anderson and Eilish Devlin, supports the entrepreneur and small business sector in Mid Ulster, providing practical advice and support in business planning.

Their client’s award winning business manufactures, supply and fits joinery products to the commercial

marketplace; it has witnessed strong growth over the past year and was voted the clear winner by the judging panel at an awards ceremony last week.

Jarlath says, ‘By acknowledging Conrad’s significant achievement this award proves beyond doubt that this region has a very strong business base.’
